DETAILED ACTION

Allowable Subject Matter

1. Claims 1-66 are allowed.
2. The following is an examiner's statement of reasons for allowance: Applicant teaches a method of using a back channel containing a multiplicity of identified speech channels from a multiplicity of user sites presented to a speech processing system at a wireline node in a network supporting at least one of cable television delivery and video delivery, comprising receiving said back channel to create a received back channel, partitioning said received back channel into a multiplicity of received identified speech channels, processing said multiplicity of said received identified speech channels to create a multiplicity of identified speech channels to create a multiplicity of identified speech content, and responding to said identified speech content to create an identified speech content response that is unique for each of the said multiplicity of identified speech contents. The cited prior art alone or in combination does not teach or fairly suggest the claimed combination of features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
